

## **Treatment Menu**

### **Bespoke Facials**

Each facial is completely customised to your skin's unique needs, combining advanced techniques with the professional power of DermaQuest skincare. Depending on your goals, treatments may include dermaplaning, microdermabrasion, skin peels, microneedling, mesotherapy, RF Lipofirm for lifting and tightening, as well as soothing hydration masks and rejuvenating massage.

Pricing is based on the specific requirements of your skin and the technologies used. For example, microneedling or RF Lipofirm form part of the Ultimate Bespoke Facial, while lighter resurfacing, microdermabrasion, and hydration are central to the Glow or Renewal treatments.

Bespoke Glow Facial – £85: Deep cleansing, exfoliation and hydration to brighten and refresh the skin.

Bespoke Renewal Facial – £130: Advanced rejuvenation with skin resurfacing, collagen stimulation and corrective care for ageing, acne or scarring.
